

Upper Cervical Care and Inner Ear Disorders

November 13, North Sarasota Library, 1:30pm

Featured Speaker:

Dr. Stephen Zabawa
Atlas Chiropractic of Sarasota

Special Guest:

Anna Gillmore Hall
Executive Director, HLAA

**"Are You Taking
Advantage of ALL That
HLAA Offers You?"**

Dr. Zabawa will be addressing inner ear disorders such as vertigo, hearing loss and tinnitus and explaining the link between these disorders and injury or trauma to the upper cervical spine (neck). He will be demonstrating his treatment technique on a chapter member so that everyone can see how painless and non-invasive his technique is. An Upper Cervical care examination can assess whether a patient suffering from an inner ear disorder can benefit from Upper Cervical care.

Meeting supported by CART (Captions on big Screen) & Hearing Loop System

The Hearing Loss Association of Sarasota offers education, advocacy and support for those with hearing loss and their families. We have meetings featuring expert speakers on the second Wednesday of every month at 1:30 PM at the North Sarasota Library. Meetings are always open to the community. Individual mentoring and support sessions are available for anyone in need at no cost. HLAS After Hours meets quarterly on the third Tuesday of Feb, May, Aug. and Nov.
